In Love and Honesty to Grow
And Live in Just and Truth
Great Lofty Height attain
To Build a nation where
Peace and Justice Shall Reign

HYMNE NATIONAL DU BENIN L'AUBE NOUVELLE

Refrain

Enfant du Bénin debout!
La liberté d'un cri sonore
Chante aux premiers feux de l'aurore
Enfants du Bénin, debout !

1er couplet :

Jadis a son appel, nos aïeux, sans faiblesse
Ont su avec courage, ardeur, plein d'allégresse
Livrer aux prix du sang des combats éclatants
Accourez vous aussi, bâtisseurs du présent,
Plus forts dans l'unité, chaque jour à tâche,
Pour la prospérité, construisez sans relâche

2ème couplet :

Quand partout souffle un vent de colère
Et de haine Béninois, sois fier, et d'une âme
serein,
Confiant dans l'avenir, regarde ton drapeau ;
Dans le vert tu liras l'espoir de renouveau ;
De tes aïeux le rouge évoque le courage ;
Des plus riches trésors le jaune est le présage.

3ème couplet

Tes monts ensoleillés, tes palmiers, ta verdure,
Cher Bénin, partout font ta vive parure.
Ton sol offre à chacun la richesse des fruits
Bénin, désormais que tes fils tous unis,
D'un fraternel élan partagent l'espérance.
De te voir à jamais heureux dans l'abondance.

1. Vert
2. Jaune
3. Rouge

Welcome Address from the CHANCELLOR

The Senate of the University, the Vice-Chancellor, and members of the advisory Council, your Excellencies, your Highnesses, My Lords Spiritual and Temporal, Chancellors, and Vice-Chancellors of other Universities, Honorable Ministers, Parents and Friends of Poma University, Gentlemen of the Press, our dear Matriculating Students and Graduands, and Distinguished Ladies and Gentlemen; It gives me great pleasure to welcome you all on behalf of the Council, Senate and the entire staff and students of Poma University to this auspicious occasion, making the 7th matriculation and convocation ceremony of Poma University.

By the grace of God, Poma University is a brand new model of higher education because everything about PU is centered on advanced education idea, administration model, teaching pedagogy and curricular design into the context of global higher education system. PU aims at becoming an elite, research, comprehensive and international world-class university, on the basis of learning, digesting, absorption, and re-innovation in line with global an international culture, social and economic development needs. This is what we planned to do and this is what we are doing.

By learning from Poma University, you are assured of commitment to knowledge in the service of society through truth and justice, serving nations and societies. I am confident that in short distance, Poma University will demonstrate its unique education characteristics among world university communities build its own academic strengths and form its own spirit. As you have seen, we have sound and qualified Professors, PhD holders and qualified staff from Poma University, who are our witnesses and guarantees to achieve our ambitious and long-term goals. I would like to express our sincerest respect and gratitude to them for their sacrifices in ensuring that PIBU remains one of the best in the Republic of Benin! Let's give them applause.

Our main campus is brand new not only because it will be unveiled very soon, but also because of its pioneering design concept stands out among all others universities in Benin Republic; its magnificent architecture and dynamic space shift beautifully blend the innovative and creative spirit of the PU family with the harmonious culture of Africa. It was a very visionary and fortunate decision to locate our main campus infangni, a town with a history of more than hundred years and great link between Nigeria and Benin Republic.

In Poma University, no matter where you are from, what your beliefs are, whether you are faculty or students, academics will be our common link and way of living. It is our common goal to pursue academic freedom and innovation, academic purity and integrity. In this community at PU, it is our common belief "to serve with truth and justice", as said by Einstein, and "to apply knowledge in service of society", as advocated by every one of us at Poma University

In PU, faculty and students respect each other, care about each other and explore knowledge and the unknown together.

Our international teaching and communication environment will provide all students with cross-boundary learning experiences and field trip opportunities. All students will be immersed and will grow in different cultural and social environment. This hard-won experience will equip you with a greater international perspective. You can develop your career with stronger global competency. Our target is to cultivate global citizens who take roots in their own national culture. Our definition of a global citizen is who respects, understands, tolerates and appreciates different cultures and traditions, abides by the laws of each country, adheres to the beliefs of freedom, equality, justice and righteousness, and is capable of communication in international common languages, and is a citizen with a strong sense of responsibility, who can serve the whole of humanity.

Dear students, Parents and well wishers, this is our Poma University, though we might be relatively young, our energy and vitality makes us fully confident in the future. We are convinced that with strong support from all stakeholders and people, our faculty, students and staff, we can jointly build the University into a world-level "research and talent-cultivation platform" in the future. In due time, all of us in PU and all those who expect nothing less than for PU to become a world-class university, will because of your efforts, smile with sincere gratification.

Finally, I gratefully acknowledge the support of friends of PU, who have supported us in various ways. But like the proverbial Oliver Twist, I hereby re-issue the call to all well wishers to endow professorial Chairs and prizes, fund research and make tangible donations of physical facilities and equipment, and lend whatever material support they can muster to making Poma University and her other sister Institutions a great citadel of learning. In today's economy, nothing predicts individual success more than a good education. If anyone out there doubts that private education can meet today's challenges, just come to Poma University, Republic of Benin. I strongly believe that the University is now set at the epoch of a greater tomorrow. It is worth investing in Poma University Long live Poma Group of Schools,! Long live Poma University!! Long live Benin Republic!!! Long live the Federal Republic of Nigeria!!!!

Thank you for listening
